

BRC Risk Assessment

INTRODUCTION

This one-day course will provide delegates with a thorough understanding of risk assessment and enable them to use different risk assessment models. This is particularly useful when implementing product safety management systems onsite, and when implementing the requirements of the BRC Global Standards.

DURATION

1 Day, 09.00 – 18.00

WHO SHOULD ATTEND

This course is aimed at

- Quality and safety management staff at manufacturing, storage and distribution and retail sites
- Auditors
- Consultants

COURSE OBJECTIVES

At the end of the course delegates will;

- Understand risk assessment terminology
- Be able to choose and use different risk assessment models for processes onsite
- Understand what BRC Global Standards expects from a thorough risk assessment

WHAT ARE THE BENEFITS?

This course forms part of the **BRC Global Standards Professional** suite, a learning programme which will give you international recognition for the key skills and knowledge essential for product safety management.

IN-HOUSE COURSES

Offering better value for money and where possible they can be designed to closely match your specific requirements.

STYLE OF DELIVERY AND COURSE LEADERS

Our course tutors are approved training providers, approved by the BRC. They are qualified and experienced with extensive practical knowledge across a wide range of sectors in manufacturing, catering and retail.

CERTIFICATION

Delegates successfully completing the course will be awarded a BRC Certificate issued by the BRC.

BOOKING AND COURSE FEES

The fee includes lunch and refreshments during the course. Please log on to our website www.iqms.co.uk and complete an on-line booking form advising payment details/purchase order number.

Fee: £425 plus VAT
