

ISO 45001:2018 Lead Auditor

INTRODUCTION

This five-day highly interactive CQI and IRCA Certified Lead Auditor training course will enable you to understand the new international occupational health and safety management system (OHSMS) standard ISO 45001:2018. You will learn how you can use utilise the new standard to understand, manage and maintain internal and external Health and Safety Management duties and performance obligations. With knowledge and understanding of ISO 45001:2018 you can evaluate your own organisation's arrangements against OHS commitments and how they can be improved.

DURATION

5 Days - 08.30 – 17.00

WHO SHOULD ATTEND?

This course is invaluable for health and safety professionals who wish to develop their auditing skills. It is particularly useful for those people who regularly assess the health and safety performance of 2nd and 3rd parties. It is also essential for any serious occupational health and safety practitioner with a responsibility to design, implement and manage a health and safety management system that meets the requirements of ISO 45001:20018.

PRIOR KNOWLEDGE

Those attending this course are expected to have knowledge of the following:

- Occupational health & safety management principles and concepts:
 - The Plan, Do, Check, Act (PDCA) cycle
 - The purpose and benefits of an OH&S management system
 - A basic knowledge of managing OH&S through hazard identification, risk assessment and risk control and compliance with legal and other requirements
 - A basic awareness of common examples of relevant national and local OH&S legislation and requirements
 - Commonly used OH&S terms and definitions as given in ISO 45001
- This knowledge can be gained in a number of ways:
 - Previous experience and existing knowledge
 - Attending a CQI and IRCA Certified ISO 45001 Foundation training course – or equivalent
 - Reading or self-study

If you would like to attend our CQI and IRCA Certified ISO 45001 Foundation training course at a discounted price to help you prepare for this Lead Auditor course please contact us.

COURSE OBJECTIVES

To develop delegates' understanding of the principles of Health and Safety Management, requirements of ISO 45001:2018, and teach the theoretical and practical skills required to plan, execute and report health and safety management systems audits.

ISO 45001:2018 Lead Auditor
